EASIMARK

Easimark EM1

PRINTING WITH THE LIGHT TOUCH

High speeds can be achieved with a low print pressure of 10-20 psi enabling the Easimark to print with a light touch without product damage.

QUICK CHANGE LOCKTYPE TYPE HOLDERS

The print head is fitted with a type holder that can be changed in seconds. Spare holders can be used to pre-set LOCKTYPE rubber type. Special holders are available for recessed or concave surfaces.

CLEAN INKING SYSTEM

A clean fast drying ink cartridge is fitted to the print head giving drying times of seconds on most surfaces. The sealed cartridge ensures the operator never touches any ink.

VERSATILE MOUNTING

The small print head can be mounted at any angle to suit the product. Versatile mounting kits are available.
